About us

The Family of KAARUNESH is a group of young, qualified and highly quality conscious professionals engaged in construction founded by Our MD. The company has specialization in designing, planning and execution of turnkey commercial projects as well as residential projects with exceptional quality and built environment.

Our business policy is oriented towards the best quality at optimum cost confirming to the construction standards which we ensured by meticulous planning and continuous supervision in each & every stage of construction right from filling of the land to final finish of the project. The superior quality of building material is used after conducting all relevant technical tests on the subject.

We are the strong follower of the saying that "Quality costs less and it pays more in long run". Consistency in our quality and transparency in our dealing has earned special respect to our company in the area and series of our satisfied customer always inspire us to continue our march towards the excellence of real estate development and offer our latest and technically sound new concept in construction and to ensure the real value of hard earned money.

Our prime consideration is to keep our clients in the focus. We anticipate their needs & create value in our products & services to maintain the quality. These factors enable our clients for residences to live their dreams and clients for offices to provide friendly and efficient workspaces to their employees.

Our Mission

We develop high performing people that deliver successful projects.

Our Vision

Be the world's premier engineering, construction, and project management organization by achieving extraordinary results for our customers, building satisfying careers for our people, and earning a fair return on the value we deliver.

Added Benefits

- Client Satisfaction & Trustworthy
- Employee and Labour Safety
- Fast Construction with Perfection
- Cost effective works
- Immediate Problem solving
- Site completion based on the schedule
- Passionately Committed team
